**How to...**

**register for Tungsten Network**

**STEP 1: Getting started - register**

Welcome to Tungsten Network.

The instructions within this guide will assist you to register for an e-invoicing or Invoice Status Service account with Tungsten Network.

To begin, please click the ‘Register’ button at the top of the page.

Input the following sections:
- Your language
- Country
- Company name

The company search function was designed to expedite the registration process. If your company details are found, please move to STEP 3 in this guide.

If your company details are NOT found:

1) Click ‘No data found, please click here to input your details’

2) Enter ‘company name’ or ‘your full name if you are an independent contractor’

Once completed the system will search for your company name in our database. This step will ensure multiple accounts for the same legal entity are not created on the Tungsten Network.
